# DISINFECTANT CLEANER

**CONCENTRATE - BIODEGRADABLE**

A tripple action anti-bacterial disinfectant reinforced with biodegradable wetting agents.

When combined with water it cuts through and suspends the grime.

Deodorises to leave a fresh clean fragrance

Contains Alkyl Dimethyl Ammonium Chloride 16g/l

## Directions

Antiseptic:  
1 part to 4 parts water.

General Disinfectant:  
1 part to 20 parts water.

Disinfectant Cleaner:  
1 part to 80 parts water.

Clean floors, bench tops, walls and toilets. No need to rinse.

Girth covers, towels and brushes - wash and let soak for 10 minutes. Rinse with freshwater before use.

Sanitising bits and bridles use a solution of 1 part disinfectant to 80 parts water.
